

Death in Service

All Greencore colleagues are automatically entered into a life assurance scheme that begins on the date that they join the company. The scheme makes a lump sum payment to the next of kin or nominated beneficiary in the event of death whilst employed with the company.

All colleagues are covered at 2 X Annual Salary in the event of death. The exception to this is for Colleagues who join the Group pension scheme. These colleagues are covered at 4 X Annual Salary in the event of death.

Whilst this is never an easy discussion to have with the family of the deceased, it can bring some welcome financial support. Knowing the information that is required and why it is so important can help with those early conversations with the bereaved and will minimize the need to repeatedly contact the family. Please also see flyer attached with useful information regarding the Bereavement Counselling Service.

Please contact the HR Shared Services team as soon as you have been advised about the death, the team can start the leavers process immediately. To start the claims process we will require the information overleaf to be returned as soon as it is possible. If an Expression of Wish form is not held on file for the deceased, it is important that the Death in Service Questionnaire is completed with the Informant/NOK to obtain as much information as possible to determine the beneficiary.
